From Frustration to Insight: The Campus Printer Experience

RESERVATIONS PROMOTIONS CONTACT US INFORMATION

BROWN

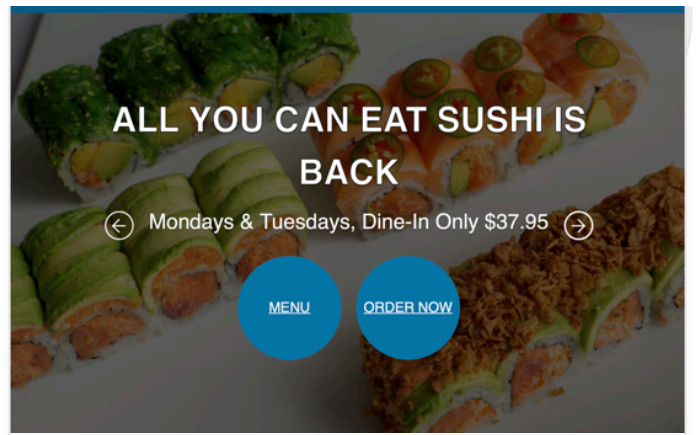

Imagine you're a brand-new student rushing to print an assignment minutes before class.

You reach the campus printer only to be met with unclear Wi-Fi steps, confusing card swipes, and zero guidance on how to send your document from phone to printer.

This portfolio piece explores how a seemingly trivial interface, which is used often, can become a major obstacle for first-time users—especially freshmen.

Printer App

Streamlined game plan distribution system

Kai Fan Website Redesign

Recreating the website for a local favorite

Photoshop Works

Creative design projects and digital art
